CHICKEN
REPUBLIC

CHICKEN REPUBLIC is a Nigerian brand that comes from humble beginnings. We opened our first Chicken Republic restaurant in Lagos in 2004 and are presently trading in over 150 locations across Nigeria and Ghana, with plans to operate 430 restaurants by the end of 2024.

From the start our vision has been: to be the most loved quick service restaurant brand in West Africa. Our “Taste More” philosophy encourages a bold spirit of adventure as we set out to challenge the status quo by providing our customers with tasty, everyday affordable value meals in clean, cool ambient restaurants that offer good customer service.

We invite our customers to experience more as they interact with our brand and enjoy our Soulfully Spiced Chicken and tasty sides, all flavoured to perfection with our unique blend of authentic West African herbs and spices.

Chicken Republic is a committed supporter of Nigerian production. Most of our products are sourced directly from local, Nigerian suppliers. Our philosophy is “People Capability Always”. We pride ourselves on being an equal opportunity employer, with a strong focus on creating opportunities for women and young adults.

As a Nigerian brand, facing challenges and overcoming obstacles is in our DNA. Our motto is, “happy, but never content”. This quest for excellence, together with, our committed staff, local partnerships and loyal customers has led us to be the fastest growing, chicken focused, quick service restaurant chain in the country today.

Chicken Republic is proudly owned by Food Concepts Plc. As such, we adhere to excellent corporate governance and sustainability practices. The Chicken Republic brand complies with SEC regulations, committed to by the Food Concepts Group.

ABOUT THE LOGO:

The idea was to be a bit more literal in the logo compared to the previous. The previous logo contained a symbol that refers to chickens but is not something that a lame man would know. Therefore, I decided to make this as what the brand is trying to sell is their **SOULFULLY SPICED CHICKEN.**
